

TO WHOM IT MAY CONCERN:

I am an “elite level” frequent flyer with Continental Airlines and a dues-paying member of its Presidents Club. I support Continental's Petition to the FCC. I want Continental to be able to continue to provide its own wireless internet access at Boston Logan and other airports. Continental offers this service as a courtesy to its Club members, at no additional charge. Our annual dues (fees), I am sure, cover the underlying cost of this “free” service.

My business forces me to rely on seamless internet access wherever I travel, and having this service available via Continental's President's Club at airports is tremendously important to my business. It is important for government agencies to respect the rights of its working citizens and to ensure the right of the public to use the wireless service of its choice.

Thank you,

Jeffrey L. Gendler
